DocXtender

for Microsoft Dynamics 365 Business Central

A free app that enables users to attach documents to any Business Central record with a simple drag and drop.

DocXtender for Microsoft Dynamics 365 Business Central enables users to attach various documents to any compatible Business Central page via an intuitive drag-and-drop feature. Supporting unlimited attachments, multi-user access, and SharePoint integration, DocXtender makes your essential files readily accessible, enhancing collaboration and efficiency.

With DocXtender, you'll easily associate customer POs to orders; invoices to POs; quality documents to receipts; or any other file to pages in Business Central.

Experience Unmatched Convenience and Efficiency

- **Improved Efficiency:** DocXtender boosts productivity by allowing direct document attachment to Business Central records, negating the need for separate storage.
- **Enhanced Collaboration:** Multi-user access to attached documents fosters easier collaboration and information sharing.
- **Document Safety:** Digital storage in DocXtender shields documents from physical damage, ensuring constant accessibility.
- **Eco-friendly:** DocXtender promotes digital storage over physical, helping reduce your carbon footprint.
- **Seamless SharePoint Integration:** DocXtender's SharePoint support enables document organization and direct access in Business Central.
- **Broad Document Compatibility:** DocXtender supports a wide range of document types for attachment to Business Central records.
- **Cost-effective:** DocXtender offers extensive benefits at no additional cost to your business.

DocXtender

Drag-and-Drop Document Attachment
This allows users to directly attach documents to any Business Central record with a simple drag-and-drop operation.

Universal Page Compatibility
DocXtender is compatible with any Business Central page supporting attachments.

Integrated Document Storage
This feature stores files directly with the Business Central record.

Multi-User Document Access
DocXtender allows multiple users to access the same attached documents within Business Central.

Document Safety and Sustainability
By promoting digital over physical document storage, the app helps protect documents from physical damage and supports sustainability efforts.

SharePoint Support
Users have the option to choose a SharePoint folder in which to store documents dragged to Business Central.

Multi-Language Support
DocXtender supports all languages supported by Business Central through auto-translation tools.

Easy Installation
Users can easily install DocXtender from the Microsoft AppSource.

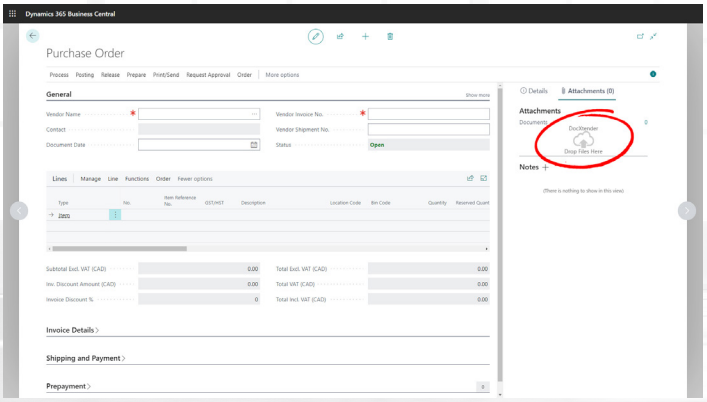

Broad Document Type Compatibility
DocXtender accepts all common document types, including .pdf, .docx, xlsx, pptx, .html, .txt, .zip, .jpg, .png, .gif, and more.

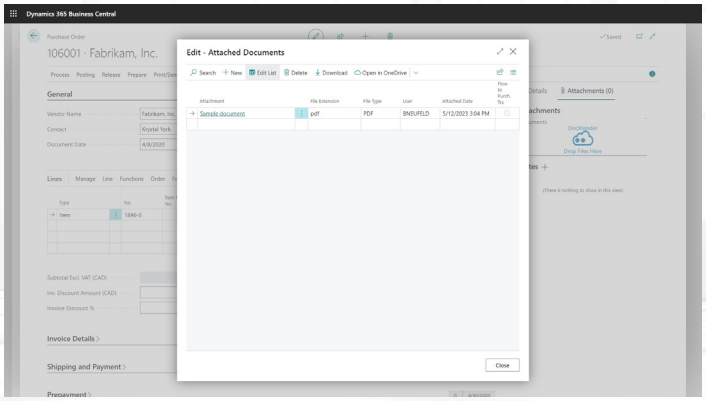

Direct Email Attachment
Users can drag email messages directly from Microsoft Outlook and store them as an .msg file within Business Central.

Unlimited Document Attachments
The number of documents that can be attached to a Business Central record is unlimited.

Free to Use
DocXtender is available to users for free.
